GETTING TO KNOW: John Young

This week we are going to shine our spotlight on our very own John Young. John is currently a Dentist at Wilhelm and Young Dentistry. Originally from Corbin, Ky, John graduated from Transylvania University, Lexington, KY, where he earned his BA Biology. He then graduated from University of Louisville where he earned his DMD. When he is not active in Kiwanis he enjoys Hiking, white water rafting, vintage cars, and spending time with his wife Caroline, his children Katherine, 14 and Jim, 10. John says his favorite Kiwanis activities are the Bar-B-Que and the Pancake breakfast. John currently serves as a board member for our club.

Kiwanis Eliminate Project

What if you could save a baby's life?

With The Eliminate Project, you can. Maternal and neonatal tetanus (MNT) kills one baby every nine minutes. But three doses of a 60-cent vaccine can protect mothers and babies. Kiwanis and UNICEF have joined forces to bring this vaccine to 38 countries, eliminating MNT from the face of the Earth. What can you do right now? Learn about MNT and advocate for the cause. Participate in our fundraisers. Over the next few years, the work we do will change the world. Find out more at www.TheEliminateProject.org.
